CAREER OBJECTIVE & ABOUT ME

Passionate and self-motivated BCA final-year student seeking an entry-level Web Developer position to apply my Full Stack development skills in the MERN stack. Committed to building efficient, scalable, and user-centric web applications while contributing to team success and continuously enhancing my technical expertise in a professional IT environment.

WORK EXPERIENCE

EXPERT COMPUTER EDUCATION

Assistant Faculty **March, 2025 - July, 2025**

- I worked as an Assistant Faculty (IT) intern where I supported classroom teaching and guided students in computer fundamentals, C/C++, and basic web development.
- During the internship, I also prepared study materials, presentations, and maintained student records while ensuring proper coordination in the lab environment.

PROJECTS

SKILLSWAP – E-LEARNING PLATFORM

- SkillSwap is a Course Selling Platform Developed in MERN Stack.
- Developed a full-stack web platform similar to Udemy, allowing users to sign up, enroll in courses and admin and student dashboards.

BIRTHDAY WISHES WEBSITE

A customizable, animated React template to create personalized birthday celebration websites. Features a live countdown, photo gallery, background music, and a special message card to surprise your loved ones!

LANDING PAGE UI

- A simple learning project: a single-page landing layout built with HTML and CSS. This repo includes the source files and image assets plus a screenshot of the final landing page.

TECHNICAL SKILLS

- **Frontend :** HTML, JavaScript, React.js, CSS, Tailwind CSS
- **Backend :** Node.js, Express.js
- **Database :** MongoDB
- **Language :** C++, C
- **Tools :** Git, GitHub
- **Other :** Linux, .NET, Photoshop, Canva, Figma, illustrator
